**MANAGEMENT, REDACTION AND PUBLICITY**

 Sociedade Portuguesa de Reumatologia  
 Avenida de Berlim, N. 33b  
 1800-033 Lisboa  
 secretariado@spreumatologia.pt

**Registry**

Exempt of registration with the I.C.S. under the terms of paragraph A) of N. 1 of article 12. of Regulatory Decree no. 8/99, of 9 June.

**Legal Deposit**

86.955/95

**Periodicity**

 Quarterly Publication  
 ISSN: 2795-4552

Journal referred in Index Medicus, Medline, Pubmed since January 2006.

Journal selected for coverage in Thomson Reuters products and custom information services.

This publication is indexed and abstracted since January 2007 in the following:

- Science Citation Index Expanded (also known as SciSearch®)
- Journal Citation Reports/Science Edition

The total or partial reproduction of articles and figures is prohibited without prior authorization from ARP Rheumatology.

Citations or transcriptions of small excerpts of text are excluded as long as the source is mentioned.

| <b>MENSAGEM DE BOAS-VINDAS</b>   | 9  |
| <b>COMISSÃO CIENTÍFICA E COMISSÃO ORGANIZADORA DO CONGRESSO</b>  | 10 |
| <b>SESSÕES</b>   |    |
| <b>SESSÃO I - GOTA ÚRICA E OUTRAS ARTROPAÍAS MICROCRISTALINAS</b>  |    |
| • Hyperuricemia and gout: cardiovascular, renal, and neuropsychiatric consequences   | 12 |
| • Tratamentos hipouricemiantes no quotidiano: como e quando prescrever?  | 13 |
| • Revisitando o reumatismo associado aos cristais de pirofosfato de cálcio: critérios de classificação, imagiologia e terapêutica nas formas agudas e crónicas | 13 |
| <b>SESSÃO II - SNAPSHOTS EM OSTEOARTROSE</b>   |    |
| • Corticosteroides intra-articulares, amigos ou inimigos da cartilagem?  | 13 |
| • Qual o lugar da capsaicina na osteoartrose? De tópica a intra-articular  | 14 |
| • Qual a evidência para o uso de PRPs e da viscosuplementação com ácido hialurónico na gonartrose?   | 14 |
| • Embolização das artérias geniculares, com ou sem bloqueio dos nervos geniculares, na gonartrose e na gonalgia pós-artroplastia                               | 14 |
| <b>SESSÃO III - ATUALIDADE NA ARTRITE REUMATÓIDE</b>   |    |
| • Atualização no risco de neoplasia sob csDMARDs, bDMARDs e tsDMARDs   | 15 |
| • O que fazer após falência de resposta clínica com um JAKi: switching ou cycling?   | 15 |
| • What is the role of auricular vagus nerve stimulation in the treatment of rheumatoid arthritis and erosive hand osteoarthritis?                              | 15 |
| <b>SESSÃO IV - DOENÇAS ÓRFÃS EM REUMATOLOGIA</b>   |    |
| • Síndrome VEXAS: tudo o que o reumatologista precisa de saber   | 16 |
| • Atualização no diagnóstico e tratamento da doença de Still: da idade pediátrica ao adulto  | 16 |
| • The Ehlers-Danlos Syndromes, an update in diagnosis and management   | 17 |
| <b>SESSÃO V - VASCULITES EM REUMATOLOGIA</b>   |    |
| • Phenocopies of large vessel vasculitis   | 17 |
| <b>SESSÃO VI - OSTEOPOROSE: NOVOS CONCEITOS</b>  |    |
| • Falência de resposta terapêutica na osteoporose: mito ou realidade?  | 17 |
| • Impacto dos tratamentos anti-osteoporóticos na consolidação das fracturas: diferenças entre os agentes anabólicos e os anti-reabsortivos                     | 18 |
| • Particularidades na gestão dos agentes anti-reabsortivos no doente oncológico: da osteoporose à osteólise maligna  | 18 |
| <b>SESSÃO VII - ESPONDILARTRITES EM 2024</b>   |    |
| • Será que existe uma janela de oportunidade no tratamento da artrite psoriática?  | 19 |
| • Efeitos articulares da inibição da IL-23 na artrite psoriática e restantes espondilartrites  | 19 |
| • Preditores e impacto da progressão de espondilartrite axial não-radiográfica para radiográfica   | 19 |
| <b>Sessão VIII - Doenças reumáticas sistémicas: novas perspetivas</b>  |    |
| • LES: uma doença ou uma síndrome?   | 19 |
| • Envolvimento cutâneo na esclerose sistémica: perspetivas do doente e do reumatologista   | 20 |
| <b>SESSÃO IX - DOENÇAS REUMÁTICAS SISTÉMICAS: O QUE HÁ DE NOVO?</b>  |    |
| • Screening de neoplasias nas Miopatias Idiopáticas Inflamatórias  | 20 |
| • Recomendações para o diagnóstico e monitorização da doença intersticial pulmonar associada a doenças reumáticas  | 20 |
| • Novos critérios de classificação da síndrome dos anticorpo anti-fosfolípidos: implicação na prática clínica  | 21 |
| <b>CONFERÊNCIAS</b>  |    |
| <b>CONFERÊNCIA I - IMPORTÂNCIA DOS FÁRMACOS INOVADORES: A VISÃO DO DOENTE REUMÁTICO</b>  | 24 |
| <b>CONFERÊNCIA II - SYSTEMIC KNEE OSTEOARTHRITIS</b>   | 24 |
| <b>CONFERÊNCIA III - APPSRREUMA: 10 ANOS DE TRABALHO, EM COLABORAÇÃO COM A SOCIEDADE PORTUGUESA DE REUMATOLOGIA</b>  | 24 |
| • 10 anos de parceria com a APPSRReuma – Sonhos para futuro  | 24 |
| • APPSRReuma – Percurso de 10 anos   | 24 |

## Sumário

### COMUNICAÇÕES ORAIS

|   |    |
|---|----|
| • 002 - Portuguese Recommendations for the management of Raynaud's phenomenon and digital ulcers in systemic sclerosis and other connective tissue diseases   | 28 |
| • 008 - Inibição da cinase de célula T induzível por Interleucina-2 (ITK) com Soquelitinib demonstra eficácia na prevenção de danos pulmonares em modelos murinos de esclerose sistémica  | 28 |
| • 032 - Timing of surgery for hip fragility fractures – should we racing against time?  | 30 |
| • 050 - Type 2 lupus is the major predictor of fatigue in patients with systemic lupus erythematosus: a cross-sectional study of 200 patients   | 32 |
| • 059 - Serum C3 levels at diagnosis in renal antineutrophil cytoplasmic antibody-associated vasculitis: predictors of lung disease and poorer renal survival   | 32 |
| • 075 - Unveiling a Rare Genetic Anomaly: New Mutation in Acro-Dento-Osteo Dysplasia Linked to Hajdu-Cheney Syndrome  | 35 |
| • 082 - Vitamin D status and osteoporosis in Portuguese patients with Inflammatory Bowel Disease: association with clinical features  | 36 |
| • 094 - Patients with seronegative Sjögren's disease have comparable disease activity and burden to anti-Ro/La-positive patients, but a lower frequency of skin, haematological and biological activity: data from PORTRESS, the Portuguese registry of Sjögren's disease | 37 |
| • 102 - Is Your Patient's Diagnosis Correct? Lessons from a Series of Cases   | 41 |
| • 118 - How Early Is Early? Unveiling Time to Diagnosis Since Symptom Onset and Its Determinants in Patients Suspected of Early Axial Spondyloarthritis: Data from the SPondyloArthritis Caught Early (SPACE) Cohort  | 41 |
| • 134 - Uma Década de Epidemiologia das Fraturas Proximais do Fémur em Portugal   | 43 |
| • 140 - Adrenal failure: when antiphospholipid syndrome leaves scars  | 45 |
| • 178 - Immune Checkpoint Inhibitors-related Myositis: Real-World Data from the EudraVigilance Database   | 46 |
| • 205 - Microvascular imaging is superior to power Doppler in synovitis vascular flow detection in Rheumatoid Arthritis   | 47 |
| • 218 - Comorbidity Patterns in Adult Juvenile Idiopathic Arthritis: A National Cohort Study  | 48 |
| • 226 - Biologic disease-modifying antirheumatic drugs survival in late-onset axial spondyloarthritis – data from the Portuguese registry of patients with rheumatic diseases   | 49 |
| • 281 - Clinical, laboratorial and immunological risk factors of VEDOSS progression to Systemic Sclerosis - a single-centre study   | 51 |
| • 285 - Still's Disease-associated Lung Disease Across Lifespan: a Multicentric Study   | 55 |

### POSTERS - TRABALHOS ORIGINAIS

|   |    |
|---|----|
| • 006 - Antifibrotics in rheumatoid arthritis-associated interstitial lung disease – real-world data from a Portuguese cohort   | 66 |
| • 007 - A two-year comparison of spinal and hip mobility between axial spondyloarthritis and chronic back pain patients in the SPondyloArthritis Caught Early (SPACE) cohort      | 67 |
| • 009 - The use of ASDAS in patients with axial spondyloarthritis starting bDMARDs in clinical practice: results from a multicentre prospective cohort                            | 69 |
| • 013 - The relationship between smoking status and Sjögren's Disease diagnosis and disease activity  | 70 |
| • 014 - ASDAS responses in patients with axial spondyloarthritis starting bDMARDs: results from a multicentre prospective cohort  | 71 |
| • 021 - Impact of a behaviour-change informed hybrid physical exercise program for individuals with fibromyalgia  | 72 |
| • 022 - Beyond What Is Frequent: Pregnancy Outcomes in Rare Connective Tissue Diseases  | 73 |
| • 023 - Older patients with antiphospholipid syndrome presenting with arterial thrombosis are at risk to develop small vessel involvement   | 74 |
| • 031 - The role of Antiphospholipid Antibodies in Spondyloarthritis- Prospective observational study   | 76 |
| • 033 - Comparative Analysis of Biologic Therapy Survival in Spondyloarthritis and Psoriatic Arthritis: A Kaplan-Meier Approach   | 77 |
| • 045 - Anxiety disorders in Spondyloarthritis patients on biologic therapy registered in Reuma.pt: prevalence, role of disease-related factors and influence of biologic therapy | 78 |
| • 048 - Bone volume versus bone mineral density: the impact on fractures in predialysis chronic kidney disease  | 79 |
| • 049 - Diagnostic accuracy of FRAX® in predialysis chronic kidney disease patients   | 80 |
| • 051 - Local glucocorticoid injections and the risk of secondary adrenal insufficiency: a single-center prospective study  | 81 |

## Sumário

|  |     |
|--|-----|
| • 054 - Clinical and immunological features of primary Sjögren's syndrome with articular involvement: results from a portuguese tertiary center  | 82  |
| • 056 - O impacto do bloqueio nervoso supraescapular na omalgia crónica: experiência de um centro  | 84  |
| • 058 - Rheumatic immune-related adverse events associated with immune checkpoint inhibitors: a descriptive study regarding the experience of a Rheumatology-Oncology consultation   | 85  |
| • 068 - Clinical and immunological features of primary Sjögren's syndrome with cutaneous manifestations: results from a Portuguese tertiary center   | 86  |
| • 069 - Functional ability, mobility, and quality of life of older adults with hip fracture  | 88  |
| • 070 - Upadacitinib treatment in moderate to severe Rheumatoid Arthritis patients; real world data from the Portuguese registry REUMA.PT - RAPORT STUDY   | 89  |
| • 071 - Beyond neonatal lupus: Maternal and perinatal outcomes in women with anti-SSA and anti-SSB antibodies. Experience from a multidisciplinary clinic  | 91  |
| • 072 - A EULAR/ACR (2019) SLE classification criteria score $\geq 20$ is a marker of severe disease in a prevalent SLE cohort from the Reuma.pt registry: A cross-sectional study of 709 patients   | 92  |
| • 079 - Pulmonary arterial hypertension associated with connective tissue diseases - characterization of a Portuguese cohort in a tertiary centre  | 94  |
| • 080 - Is there any difference between switching and cycling patients after tumor necrosis factor inhibitor (TNFi) failure in psoriatic arthritis? - Characterization of a Portuguese cohort with one year of treatment with TNFi as the first biological DMARD | 96  |
| • 081 - Fracture risk assessment based on FRAX® algorithm in Portuguese patients with Inflammatory Bowel Disease: association with clinical features   | 97  |
| • 083 - Antiphospholipid Antibodies Positivity among Portuguese Patients with Systemic Sclerosis: Is there any association with Vasculopathy?  | 98  |
| • 086 - Remission versus low disease activity as treatment targets in rheumatoid arthritis: how to strike the right balance between too strict and too lenient targets? A meta-analysis of individual patient data   | 99  |
| • 088 - Clinical-Immunological Profiling and Predictors of Thrombosis in Patients with Antiphospholipid Syndrome: Data from a Dedicated Clinic at a Tertiary Centre  | 100 |
| • 089 - Myositis-associated interstitial lung disease characterization and response to treatment   | 102 |
| • 091 - Recent and past pain experiences in juvenile idiopathic arthritis patients: perspectives of adolescents and caregivers   | 103 |
| • 096 - Translation and cross-cultural adaptation of the mSQASH into European Portuguese   | 104 |
| • 099 - Understanding frailty in Rheumatoid Arthritis and Psoriatic Arthritis: a comparative analysis  | 105 |
| • 103 - Pulmonary involvement in primary Sjögren's syndrome  | 106 |
| • 104 - Persistence Rate of Once-Weekly Adalimumab in Rheumatoid Arthritis, Spondylarthritis and Psoriatic Arthritis: Real-World Evidence  | 106 |
| • 108 - Health-Related Quality of Life - A multidisciplinary approach in psoriatic disease   | 107 |
| • 109 - Persistence Rate of Once-Weekly Adalimumab In Spondylarthritis: Real-World Evidence  | 108 |
| • 112 - Off-label use of Tocilizumab in Systemic Sclerosis: characterisation of a clinical case series   | 109 |
| • 113 - Persistence Rate Of Once-Weekly Adalimumab In Rheumatoid Arthritis: Real-World Evidence  | 110 |
| • 114 - Persistence Rate Of Once-Weekly Adalimumab In Psoriatic Arthritis: Real-World Evidence   | 111 |
| • 115 - Efficacy Of Once-Weekly Adalimumab In Rheumatoid Arthritis: Real-World Evidence  | 112 |
| • 116 - Efficacy Of Once-Weekly Adalimumab In Spondylarthritis: Real-World Evidence  | 114 |
| • 119 - Musculoskeletal Manifestations of Checkpoint Inhibitors - Experience from a tertiary centre  | 114 |
| • 125 - Cycling versus switching after ineffectiveness of first tumor necrosis factor inhibitor during first year of therapy - demographic and clinical differences in rheumatoid arthritis  | 116 |
| • 126 - Chronic nonbacterial osteomyelitis in pediatric age: a case series   | 117 |
| • 127 - Microvascular status in Systemic Sclerosis patients comparing limited and diffuse cutaneous involvement: a nailfold videocapillaroscopy analysis   | 118 |
| • 131 - Rethinking Predictors: Sjogren's Syndrome as a Positive Predictor of Rituximab Effectiveness in Rheumatoid Arthritis   | 120 |
| • 132 - Six-month predictors of late clinical response to rituximab in rheumatoid arthritis patients   | 120 |
| • 136 - Arritmias e alterações da condução nos doentes com esclerose sistémica   | 136 |
| • 148 - Persistence in treatment with TNF-alpha inhibitors in Spondyloarthritis: comparison between original and biosimilar drugs - a pilot study  | 124 |
| • 149 - Crises de Artrite Gotosa num Internamento de Medicina Interna: Prevalência e Caracterização  | 125 |
| • 153 - B-active: an integrative interactive platform for children with rheumatic diseases   | 126 |

## Sumário

|  |     |
|--|-----|
| • 155 - Frequency, characteristics and predictors of central and peripheral neurological involvement in Sjögren's disease: data from PORTRESS, the Portuguese registry of Sjögren's disease                        | 127 |
| • 158 - Handgrip strength in Rheumatoid Arthritis versus Psoriatic Arthritis: clinical associations and patient impact   | 129 |
| • 159 - 18 months of a newly implemented Fracture Liaison Service in a tertiary care centre  | 129 |
| • 162 - Understanding "difficult-to-treat" psoriatic arthritis: data from Reuma.pt   | 131 |
| • 163 - The protocol of the TASTY trial: the triad of nutrition, intestinal microbiota and rheumatoid arthritis - an exploratory pilot study   | 133 |
| • 164 - Synovial specimens' diagnosis across Departments in a Portuguese tertiary center   | 133 |
| • 165 - Higher Educational Level, Functional Capacity, and DLCO Are Associated with Higher Health-Related Quality of Life in Systemic Sclerosis Patients - Results from a Cross-Sectional Cohort Study             | 135 |
| • 167 - Paget's Disease of Bone: Clinical and epidemiological characterization of the population of a portuguese tertiary center   | 136 |
| • 169 - Glucocorticoids in systemic sclerosis  | 138 |
| • 171 - Axial psoriatic arthritis versus axial spondyloarthritis with psoriasis in clinical practice   | 138 |
| • 176 - Understanding axial psoriatic arthritis in clinical practice - data from Reuma.pt  | 140 |
| • 177 - Regression of Rheumatoid Nodules with JAK Inhibitors: A Single-Center Descriptive Study  | 142 |
| • 179 - Medication-related Osteonecrosis of the Jaw and Atypical Femur Fractures in Osteoporosis: a Single-Center Case-Series  | 144 |
| • 180 - Exploring occupational background in Systemic Sclerosis - insights from a single - center study  | 144 |
| • 183 - Validation of the Portuguese version QUALEFFO-41 in Portuguese patients with vertebral Fractures - Preliminary data  | 146 |
| • 184 - Persistence of VEDOSS over time: Insights from a single-centre   | 148 |
| • 191 - What is the role of Biologic's in preventing psoriatic arthritis progression in patients with psoriasis? A retrospective study   | 149 |
| • 193 - Taxa de retenção dos bDMARD na Artrite Psoriática - Experiência de um Hospital Terciário   | 150 |
| • 195 - Depression disorder in Spondyloarthritis patients on biologic therapy registered in Reuma.pt: prevalence, role of disease-related factors and influence of biologic therapy                                | 151 |
| • 197 - Caracterização dos doentes com diagnóstico de Arterite de Células Gigantes: a experiência da implementação de uma consulta de fast-track   | 152 |
| • 198 - Relation between fatigue and other parent reported outcomes in a cohort of children with JIA   | 153 |
| • 201 - Relationship between Salivary Gland Ultrasound Findings and Immunology in Sjögren's Syndrome   | 154 |
| • 202 - TRANSfORM- Corticosteroid utilization patterns among systemic lupus erythematosus patients - Cross-sectional study in the Portuguese community pharmacies  | 154 |
| • 210 - Rheumatoid Arthritis referral criteria: systematic review of the literature  | 155 |
| • 213 - Reliability of The MyBack Physical Performance Battery   | 156 |
| • 220 - Clinical Insights and Disease Progression Factors in Palindromic Rheumatism: a Retrospective Cohort Study  | 156 |
| • 228 - Initial glucocorticoid therapy in newly diagnosed RA-patients  | 159 |
| • 231 - How useful is contrast-enhanced ultrasound in the study of synovitis? a systematic review with meta-analysis on the comparison between contrast-enhanced ultrasound and colour or power Doppler ultrasound | 160 |
| • 234 - Clinical Profile of Visual Symptoms in Giant Cell Arteritis - Insights from a Tertiary Center Cohort   | 161 |
| • 236 - Clinical and immunological features of Systemic Sclerosis Patients with Telangiectasias: results from a Portuguese Tertiary Center   | 162 |
| • 241 - Rheumatoid Arthritis Activity and Functional Capacity with Acupuncture in Complementary Treatment  | 162 |
| • 242 - Productivity loss in portuguese patients with Systemic Sclerosis   | 164 |
| • 249 - Increased body mass index and fat mass are associated with higher symptom burden and reduced salivary flow in patients with Sjögren's disease  | 165 |
| • 251 - Predictors of flare of interstitial lung disease in patients with inflammatory idiopathic myositis: a retrospective cohort study   | 166 |
| • 258 - Are Systemic Lupus Erythematosus and Sjogren Syndrome two sides of the same disease spectrum? A single center retrospective study  | 167 |
| • 259 - Acute pericarditis and positive antinuclear antibodies - what difference does it make?   | 169 |
| • 260 - Calcium pyrophosphate crystals in synovial fluid in a tertiary hospital centre - clinical, biochemical and imagiological correlations  | 169 |
| • 261 - Osteoporosis in Celiac Patients: Insights from a Descriptive Study at a Portuguese Centre  | 170 |

## Sumário

- 263 - Treat-to-target attainment in patients with SLE from the Reuma.pt SLE registry: a multicenter cross-sectional study of 795 patients 172
- 273 - Lung disease as the first glimpse of an inflammatory myopathy: a case series 173
- 277 - How unique is seronegative Rheumatoid Arthritis? 174
- 279 - Does the Agreement Between Antinuclear Antibodies Indirect Immunofluorescence Patterns and Myositis Antibodies Correlate with the Fulfilment of Idiopathic Inflammatory Myopathies Classification Criteria? – a Multicentric, Pilot Study 175

### POSTERS – CASOS CLÍNICOS
